Postpartum Care Contract

I, the parent/guardian, have discussed and reviewed my wishes for care to be provided by Doulas of Greater Lafayette, LLC after the birth of our child, agree as follows:

1. The care provided by the doula after the birth of the child shall include, but is not limited to: infant care, sibling care, breast feeding support, postpartum support, errands, light housekeeping, laundry, and meal preparation.

2. In the event that the doula works an overnight, the doula is allowed to sleep when the baby/babies is (are) asleep and all duties have been completed.

3. Postcare services will be provided at \$_____ (_____ dollars) per hour with a minimum of _____ hours totaling \$_____ (_____ dollars). A non-refundable deposit of \$_____ is required at the signing of this contract. The client will be billed for all contracted hours except for the last _____ hours of care, which will be satisfied by the initial deposit.

4. The doula shall provide at least 4 hours of post care during the day. If the doula is staying for an overnight shift, there is an 8 hour minimum. The latest time a doula can start the night shift is 10 pm, the earliest the shift can end is 6 am for an overnight.

5. All contracted hours must be used within 12 weeks of date of commencement.

6. Doulas of Greater Lafayette, LLC regrets that sometimes the doula will not be able to provide post care services as scheduled, due to unforeseen circumstances (i.e. family emergency, illness, weather, or labor support). Doulas of Greater Lafayette, LLC will make all attempts to schedule an alternate doula to cover the shift, or reschedule the services.

7. Each client understands that there may be up to three doulas assigned to the client. In the event the client has more than one child, Doulas of Greater Lafayette, LLC will attempt to provide no more than two doulas during the contract.

8. The focus of a postpartum doula is on baby and family's early adjustment to returning home, and therefore postcare needs are greatest during the first eight weeks after birth. Because the need for postcare support is greatest during the initial month, Doulas of Greater Lafayette, LLC seeks to prioritize families who have most recently had babies. While there may be circumstances in which a family wants postcare beyond the one-month mark, it should be understood that Doulas of Greater Lafayette, LLC will provide such services as staffing permits.

Client Initials _____

9. Postpartum services will be billed by Doulas of Greater Lafayette, LLC on a weekly basis. Payment must be made within 10 days of the posted date of billing. Failure by the client to timely pay the bill will result in an additional charge equaling 5 percent of the bill amount.

10. Failure by the client to cancel the contracted and scheduled hours 24 hours prior to the scheduled services will result in being billed for the requested hours.

11. The doula is not for private hire. The hiring of a doula by the mother and/or partner/ husband, without the consent of Doulas of Greater Lafayette, LLC, shall result in a \$15,000.00 (fifteen thousand dollars) referral fee.

12. In the event that the doula needs to pay for parking and/or tolls, the client will be responsible for the fee. There is also a \$5 fee per shift charge for fuel. This charge will be shown in your bill.

13. I, the undersigned have read this contract for post care services. I accept and agree to the terms and conditions.
